

**Warnings**

**These mounting accessories are for professional use.**

**Care should be exercised to avoid damage and personal injury.**

**Avoid mounting equipment when people are directly below. Make certain accessories are properly secured.**

**Do not use flammable materials close to lights.**

**Use**

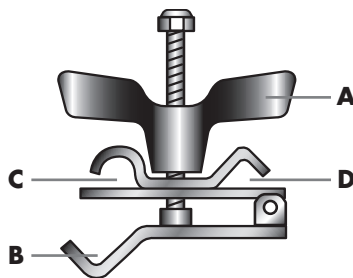

**The Lobo positions the Lobo Arm, conventional flags, umbrellas, etc. on stand tops or shafts.**

**A.** One knob **A** locks all pivoting, panning and extending movements. This saves adjustment time but requires that one hand support the Lobo Arm until the knob has been fully tightened.

**B.** Opening **B** fits on the top or any part of most stands and pipes and clamps up to 1-1/4" (31 cm) in diameter.

**C.** Opening **C** accepts the Lobo Arm.

**D.** Opening **D** can be used with conventional flags and accessories of 1/8" (3.8cm) in diameter.

■ Attach the Lobo to the stand **1** and leave the knob **A** loose.

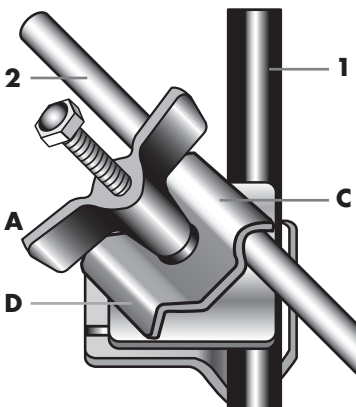

■ Insert the Lobo Arm **2** into opening **C** while pressing down on opposite side **D**.

■ Tighten knob **A** to lock.

■ To remove or adjust Lobo Arm, twist arm.

■ The Lobo can be used on the stud of the Tota-clamp, Space-clamp or with the Lowel Interlink (with or without a Lowel Grip).

■ Lobo can also hold the DP Frame.
